Facts alleged by state

On 01-13-99, an intoxicated prostitute selling sex to a dope dealer getting his hair cut in a long-established dope house by the perpetrator they call "Jay," who shot the dope dealer while cutting his hair. Goes to shoot the prostitute. From point-blank fired about 2-shots. A bullet grazes her neck. He walks off. She runs upstairs. Jumps out a window onto a large drift of snow. Hides in a garage. Takes off through an alley to her get away ride. They say the perpetrator's motive was to steal some crack and money. The drug supplier and prostitute testify that I am "Jay" (although I never been called that), their crackhead customer and barber. Also alleged my jail-clothed father had to be locked up to testify and is lying to protect me from a murder conviction.
